

Save time and money with flexible fleet management

Smartfleet is a leading provider of fleet management and related services to businesses of all shapes and sizes. We're here to help you save money, maximise productivity and ensure driver safety.

Here's how.

We believe in offering a tailored service

We listen to your unique business requirements, and then create a customised solution that will keep your drivers safe and reduce your time spent on administration.

Our market-leading innovation will help you save

Combining advanced technology with personal service, we provide solutions for your business that will keep your fleet running efficiently.

You can rely on us

In managing over 20,000 vehicles nationwide, we have a proven track record in improving productivity, reducing fleet costs, and helping to keep drivers safe.

The Smartfleet difference

Competitive vehicle pricing

Whether you own or lease your fleet, we can help. We create a competitive tender environment to get you the best vehicle pricing, and our operating lease helps simplify cash flow and unlock capital.

Custom-built software

We've developed our own fleet management software, so we can customise it to your management and reporting needs, and continually evolve with your business.

Efficient by design

We offer a system that scales up or down to meet the fluctuating needs of your organisation, and an intelligent pool vehicle booking model.

Our services

Fleet management

A combination of personalised service and powerful online tools to manage and report on every aspect of your unique fleet.

Fleet finance

Secure and structure finance that simplifies your cash flow, reduces asset risk and unlocks capital; with options to suit your budget and your industry sector.

Vehicle procurement

End-to-end acquisition and disposal services, and an online competitive tender system to ensure the best vehicle price.

Our story

Tailored, efficient and easy fleet management services

At Smartfleet, we manage over 20,000 vehicles for all types of Australian organisations including not-for-profits, government departments, corporate and private businesses, and education institutions. So we understand that every organisation is different. That's why, we developed our own highly flexible, fleet management software.

Today, Smartfleet is backed by ASX-listed Smartgroup. Known for our great customer service and dedicated support, we're recognised as one of Australia's leading, and most innovated fleet management providers.
